

Bridal Services

So much time, effort and money goes into a wedding. Today the average wedding costs £17,000!

You may have spent a small fortune on reception cars, flowers, dresses etc. Most people invest a great deal of time into trying on dresses until they find the one that is perfect for them.

So it is not an indulgence to want to have your hair and make-up done professionally to finish off that look of perfection.

You and your wedding party deserve the celebrity treatment. After working with various photographers over the years the majority opinion among them is that working with professional make-up artists adds clarity and detail and ultimately compliments the photography. The wedding package on offer is as follows: On the trial for the bridal party, we will carry out a full consultation, so as to establish your requirements. We will give you a professional opinion on what we think will suit you and your style of dress. Once we have established your desired style, we shall put it to trial, ensuring that both you and your bridal party are completely happy with what we have achieved. We will then take photographs and make a note of all colours and products used for make-up.

At Metamorphosis we realise that everyone has different tastes and we will endeavour to allay your concerns in order to further maximise the enjoyment of your 'big day'.
